

Maharishi AyurVeda - Public Information

UK Product Name Menopause Support 2 tablets (MA939) **Code Name** MA0939
Availability Stock item in UK

Description For a comfortable menopause with stable emotions, circulation and temperature balance. Menopause Support 2 (MS2) is used to support the action of Menopause Support 1 (MS1). MS2 is particularly useful for balancing Pitta related factors such as temperature balance and blood flow.

Menopause made easy

Midlife changes can happen gracefully, without discomfort. Symptoms such as mood swings, hot flashes and loss of bone density are related to imbalances in the body, caused by a build-up of digestive impurities. Our midlife formulas help maintain balance and support the functions related to menopause, make the transition smooth and easy.

Menopause Support 2 helps stabilise emotions, support circulation and moisture balance in the body. It helps to keep the channels in the body open so that temperature balance is easily maintained. Use it in conjunction with Menopause Support 1 during the time leading up to menopause (perimenopause).

Herbal Masterpiece

The herbs in both the Menopause Support formulas are combined in precise proportions and prepared in the traditional ayurvedic way. This improves the bioavailability of vital nutrients. It also creates synergy — the collective benefit is much greater than that of isolated, individual herbs.

·Myrrh and Silk Cotton Tree help nourish the uterus. Mango Kernel, Silk Cotton Tree and Myrrh help balance and regulate uterine blood flow.

·Amla helps nourish all the tissues and enhances the bioavailability and absorption of calcium.

Ingredients
